Certified Divers Important Note:

All certified divers **MUST** present Dive Certification card (or reasonable facsimile) at time of check in, or you may not be allowed to dive.

All certified diver **MUST** participate in a refresher course IF you have not been diving in 5 or more years.

All certified divers that have not been diving recently will be encouraged to participate in a refresher course (see store for additional details).

THERE ARE 3 COMPONENTS TO CERTIFICATION

Firstly, there is the independent study.

Secondly, there is your confined water dives which includes approx. 5 hours of training in and around the pool.

Thirdly, you will need to complete 4 open water dives. They are completed over 2 half days.

Valentines Dive Center will email you a e-learning code after you have paid the deposit. The online courses are interactive reading lessons, videos and quizzes. Once you've completed the e-learning course you have up to one year to complete the next components of the course. Based on each individual student the e-learning requires 10-32 hrs of time (depending on the course). We strongly suggest e-learning completed prior to arrival on island! (Internet at hotels, and Rentals are often not reliable)

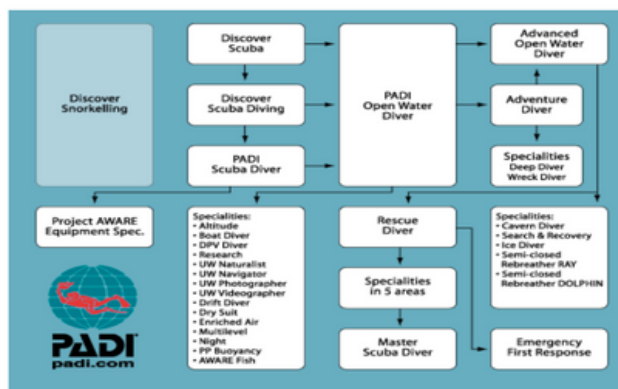

Each student will be required to complete a medical questionnaire. If you answer "yes" to any of the medical questions you will need to supply a physician's letter stating you are fit to dive BEFORE you can begin with our instructors. For any training we require a non refundable 50% deposit (plus 10% VAT). The deposit less value of the e-learning code is refundable with at least 2 weeks notice. With less than 2 weeks notice we will issue a dive credit voucher in the amount of the deposit that is valid for 2 years.

PLEASE NOTE: Any students making last minute scheduling changes due to incomplete e-learning, medical issues, and/or not limited to travel issues may result in \$75 re-scheduling fee.

If you have any further questions please let me know or refer to our website:
